Prayer Highlights

Never tired of learning more

We believe that those on the field deserve to have the chance to refresh knowledge, grow in understanding, and stand back for a few hours from pastoral duties, so that they may receive, rather than give. One person who enjoyed one of the study days EMF has organised in conjunction with London

Seminary is **Michael Robinson**: "Quite apart from the stimulation of the seminars themselves, I experienced a number of other benefits particularly the opportunity to interact with EMF colleagues and fellow workers and get to know them a little better."

Revival - a great theme for a great conference in Spain

The Spanish Christian publishers '**Editorial Peregrino**' decided to hold an annual conference dealing with important issues. 'Revival' was the theme for the day this year. A hundred and eight attendees sat down expectantly to what they knew would be a worthwhile time of ministry. Three of EMF's workers in central Spain took part in this year's gathering. An offering taken up during the proceedings has been given to the EMF appeal for Ukraine, but directed specifically towards the publishing and distribution of Bibles and good literature to those whom our mission workers are helping as they flee danger in that country.

Monthly Missionary Focus

Our focus this month is on new EMF missionaries **Joel & Talita Lopes**, who are based in Faro, in the Algarve region of Portugal.

Joel has been the pastor of the Igreja Acção Bíblica church since 2013 - the church in which Joel was converted as a child and where his father was an elder. He has been seeking to establish a sound, reformed teaching ministry there, from which the congregation may reach out to its neighbourhood.

He is also involved in setting up the Martin Bucer Seminary (a new venture in Portugal) to help oversee the training of well-grounded church leaders in his native country.

Please pray:

- For the spiritual health of the church in Faro.
- For the leadership of the church, and for more elders.
- For the church plant in Portimão.
- For the Martin Bucer seminary, starting its first courses later in 2022.
- For their children Rafael, Gabriel, Daniel and Maria Clara.
